

*Thanksgiving is a special time for bringing families and friends together. Unfortunately, not everyone is blessed with family and friends to make this holiday special. Our Thanksgiving Day Celebration brings the community*

*together in response to many broken and hurting families.*

*We serve at many different locations plus a team delivers to the homebound. Loneliness can be overwhelming, not only for those in physical need, but also for many people who are new to the city or far from family. Your participation not only makes this event possible, but creates a festive and memorable occasion for everyone who gathers to celebrate. There will be many activities for all ages to make this a wonderful day. What better way to build relationships and change perspectives than coming together, working together and sharing conversation over a special meal. We pray you will join us. Our goal is serve 5,000 meals with your help and support.*
